Our VitaPure family is composed of vitamins in powder form, vitamins are considered to be strong antioxidants that help in protecting cells from the damage caused by free radicals that are formed in our bodies. They are known to boost the immune system, provide a surge of energy, balancing cholesterol and hormones, improving vision and natural anti-aging and skin protector.

Product name	Description	Form			Applications			CAT No.	Standard packaging
		Soluble powder	Insoluble powder	Liquid emulsion	Dietary supplement	Beverages	Food

VITASOME®

Our VitaSome family is composed of vitamins in liposomal form, where the payload is enclosed in a microscopic bubble that is composed of one or more phospholipid bilayer which closely resemble the structure of cell membrane to enhance the delivery of the payload to the targeted cell.

Product name	Description	Form			Applications			CAT No.	Standard packaging
		Soluble powder	Sprayingly soluble powder	Liquid emulsion	Dietary supplement	Beverages	Food
